Answers

Answer Key & Explanations

1. Correct Answer: B) goes
Explanation: "My sister" = "she" (singular). When we use he, she, or it, we add **-es** to the verb (because "go" ends in -o). *Example:* He **goes**, she **goes**.

2. Correct Answer: C) Do
Explanation: "They" is a plural subject (you, we, they). We use **Do** to make questions.
Example: **Do** you like tea? **Do** they live here?

3. Correct Answer: A) doesn't
Explanation: "He" is a singular subject (he, she, it). We use **doesn't** for negative sentences.
Example: He **doesn't** work here.

4. Correct Answer: B) know
Explanation: "Know" is a state verb. We do not use state verbs in the continuous form (no "-ing"). We just use the base form for "I".
Example: I **know** this word. (NOT: ~~I am knowing~~).

5. Correct Answer: C) live
Explanation: "My parents" = "they" (plural). We use the base verb without **-s**.
Example: They **live** in London.

6. Correct Answer: A) Does
Explanation: "She" is a singular subject (he, she, it). We use **Does** to start a question. After "does", the main verb is always in the base form – no -s
Example: **Does** she like coffee? (NOT: ~~Does she likes~~).

7. Correct Answer: B) have
Explanation: "We" is a plural subject (you, we, they). We use the base verb **have**. The word "usually" is a common marker for the Present.
Example: We **have** breakfast at 8 am.

8. Correct Answer: C) brushes
Explanation: "He" is a singular subject (he, she, it). We add **-es** to "brush" because it ends in **-sh**.
Example: He watch**es** TV. She wash**es** the car.

9. Correct Answer: A) understand
Explanation: "Understand" is a state verb (like "know"). We do not use it with "-ing". We use the base form for "I".
Example: I **understand** you.

10. Correct Answer: B) don't
Explanation: "They" is a plural subject (you, we, they). We use **don't** (do not) for negative sentences.
Example: They **don't** eat meat.
